German Exchange Program Needs Host Families

On **January 15, 2012**, four **German students** expect to arrive in **Dorchester County**; they will stay until **June 2, 2012**. (These are approximate dates.) This will be the **6th year** of hosting long term students as part of the **Dorchester/Duren County, Germany Partnership**. **Four families are needed** to host these students, which includes providing them room and board. The students attend **Cambridge-South Dorchester or North Dorchester High School**, depending on where the host family lives. There are special events that are arranged by the **German Partnership Program** for the students and their host families during the period of their stay.

If there are concerns about pre-scheduled family plans that would interfere with the German students' stay, arrangements can be made with previous host families during that time period. If there are **questions or concerns**, or **if you would like to volunteer to be a host family**, please contact **Jennifer Brant (443-521-1507)**, as she and her family have hosted 5 long term students. You may also contact **Sheila North at Cambridge South Dorchester High School**.
